INDEPENDENT AUDITORS' REPORT

Board of Trustees of Broadway Cares/Equity Fights AIDS, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Broadway Cares/Equity Fights AIDS, Inc. (the "Organization"), which are comprised of the statements of financial position as of September 30, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for each of the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Organization's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Broadway Cares/Equity Fights AIDS, Inc. as of September 30, 2021 and 2020, and the changes in its net assets and its cash flows for each of the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements September 30, 2021 and 2020

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] The Organization:

Broadway Cares/Equity Fights AIDS, Inc. (the "Organization"), a not-for-profit entity formed in 1988 in the State of New York, raises money to provide grants to (i) organizations providing assistance for healthcare to those individuals in the entertainment industry who are affected by critical health issues, including but not limited to HIV/AIDS, and (ii) organizations and programs nationwide and internationally that provide care and services to people living with HIV/AIDS. The Organization also facilitates the fund-raising capabilities of the theater community to address and support an urgent crisis or need, as directed by the Board of Trustees (the "Board").

The Organization is exempt from federal income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code ("Code"), and from state and local taxes under comparable laws.

[2] Basis of accounting:

The financial statements of the Organization have been prepared using the accrual basis of accounting and conform to accounting principles generally accepted in the United States of America ("U.S. GAAP"), as applicable to not-for-profit organizations.

[3] Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, public support and revenue and expenses, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

[4] Cash and cash equivalents:

The Organization considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

[5] Contributions and other receivables:

These receivables consist of contributions and payments owed from fund-raising events. The amounts are expected to be fully collected within the next fiscal-year; accordingly, no allowance for doubtful amounts has been established.

[6] Inventory:

Inventory consists of merchandise available for sale. Certain items have been contributed to inventory and have been recorded at their approximate fair values at the dates of donation. Inventories are valued at the lower of cost and net realizable value. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined using the first-in-first-out principle. Trade goods purchased from third parties are valued at the purchase price.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to complete the sale. Obsolete inventory is written off as necessary.

Notes to Financial Statements September 30, 2021 and 2020

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[7] Property and equipment:

Property and equipment are stated at their costs at the dates of acquisition, or, if contributed, at their estimated fair values at the dates of donation, less accumulated depreciation. The Organization capitalizes as assets those items of property and equipment that both have a cost of \$2,000 or more and useful lives greater than five years; whereas the costs of minor repairs and maintenance are expensed as incurred. Depreciation of furniture, fixtures, and equipment is provided using the straight-line method over estimated useful life of five years, and leasehold improvements are amortized using the straight-line method over the term of the underlying lease.

Management evaluates the recoverability of the investment in long-lived assets on an ongoing basis and recognizes any impairment in the year of determination. There were no triggering events occurring which would impact property and equipment requiring management to test for, or adjust for, impairment losses during 2021 or 2020. However, it is reasonably possible that relevant conditions could change in the near term and necessitate a change in management's estimate of the recoverability of these assets.

[8] Accrued vacation:

Accrued vacation represents the Organization's obligation for the cost of unused employee vacation time that would be payable in the event that all employees left the Organization. As of September 30, 2021 and 2020, the accrued vacation obligation was approximately \$72,000 and \$55,000, respectively, and was reported as a part of accounts payable and accrued expenses in the accompanying statements of financial position.

[9] Paycheck Protection Program loan payable:

On March 27, 2020, Congress enacted the Coronavirus Aid Relief, and Economic Security ("CARES") Act. The Paycheck Protection Program ("PPP") established by the CARES Act, implemented by the U.S. Small Business Administration ("SBA"), provides businesses, including certain not-for-profit organizations, with funds to pay payroll and other costs during the coronavirus ("COVID-19") outbreak.

There are two acceptable methods for accounting for the PPP funds received under the CARES Act. Entities can elect to treat the funds as a loan or as a conditional contribution. During fiscal year 2020, the Organization elected to record the PPP funds as a loan under the Financial Accounting Standards Board's (the "FASB") Accounting Standards Codification ("ASC") 470 *Debt*. During the year ended September 30, 2021, the Organization applied for and received full forgiveness of its loan from the bank and the SBA in the amount of \$749,600. Accordingly, this forgiven amount is reflected as a gain on PPP loan forgiveness on the statements of activities as of September 30, 2021.

[10] Event revenue received in advance:

The revenue from advance ticket sales related to a future year's event is deferred and recognized as income in the year in which the performance is held.

Notes to Financial Statements September 30, 2021 and 2020

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[11] Net assets:

(i) Net assets without donor restrictions:

The Organization's net assets without donor restrictions represent those resources that are available for current operations, as there are no restrictions by donors regarding their use.

The accrued postretirement benefit liability reserve represents the portion of net assets held for the purpose of funding the 403(b) plan in future years.

(ii) Net assets with donor restrictions:

Net assets with donor restrictions represent those resources that are subject to donor imposed restrictions, such as specific purposes and/or a specified period of time. When a donor restriction expires, that is, when a stipulated time restriction ends, or a purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions." For the Organization, net assets with donor restrictions are comprised of funds received for fiscal-sponsorships whereby the Organization serves as a sponsor for groups that engage in activities that relate to the Organization's mission. Funds received by the Organization under this program are considered with donor restrictions, the requirements of which are met in the year of donation, are reported as without donor restrictions.

[12] Revenue recognition:

(i) Contributions:

Contributions made to the Organization are recognized as revenue upon the receipt of cash, other assets, or of unconditional pledges. The Organization records bequest income at the time it has an established right to a bequest and the proceeds are measurable. Contributions are reported as "with donor restrictions" if they are received with donor stipulations or time considerations as to their use. Conditional contributions are recognized when the donor's conditions have been met by requisite actions of the Organization's management or necessary events have taken place, and, if received in advance, are recognized in the statements of financial position as funds received in advance.

(ii) Special events:

The Organization conducts special events for which the use of a host Broadway theater may be donated and the performers and support staff donate their time. Due to the impact of COVID-19, there was no such donated theater space or time as of September 30, 2021 or 2020. A portion of the gross proceeds paid by the attendees represents payment for the direct costs of the benefits received by the attendees at the event. Such special-event income is reported net of the direct costs of the event that is attributable to the benefit that the donors receive. In the absence of a verifiable objective means to demonstrate otherwise, the fair value of entertainment provided at these special events is measured at the actual cost to the Organization.

Notes to Financial Statements September 30, 2021 and 2020

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[12] Revenue recognition: (continued)

(iii) Revenue from contracts with customers:

The Organization recognizes revenue when, or as, performance obligations are satisfied associated with contracts with customers. Revenue is measured as the amount of consideration the Organization expects to receive in exchange for providing services. The primary sources of revenue from contracts with customers for the Organization are Care-Tix and merchandise sales.

a. Care-Tix sales:

The Organization has access to available seats at Broadway and Off-Broadway shows, which are sold to the general public generally for double the face value of the ticket, resulting in the recording of 50% of the ticket price as a contribution to the Organization. Revenue from Care-Tix sales is recognized at the time of a related event or performance. In the financial statements, the amount reported in contributions is net of the actual cost of the tickets, which are considered direct benefits to donors. Should amounts be received in advance of the show, the exchange portion of the proceeds is deferred until the show takes place.

b. Merchandise sales:

The Organization operates a retail outreach program that sells AIDS-awareness red-ribbon items; items crafted by workshops sheltered for people living with AIDS; general Broadway-show-related memorabilia, and various other collector items. Sales are conducted via a printed catalog and on-line through the Organization's website. Revenue is recognized once the merchandise has been shipped.

[13] Advertising costs:

The Organization expenses the cost of advertising as incurred.

[14] Functional allocation of expenses:

The costs of providing the Organization's various program and supporting services have been summarized on a functional basis in the statements of activities. The statements of functional expense present expenses by functional and natural classification. Accordingly, direct costs have been allocated among the program and supporting services based on the nature of the expense. Indirect expenses have been allocated on the basis of time allocation with the exception of rent, insurance, depreciation and amortization, which are allocated based on square footage.

[15] Grants expense:

Unconditional grants are recognized as obligations at the time of approval. Grants approved but unpaid as of year-end are reported as liabilities in the statements of financial position. There were no grants payable as of September 30, 2021 and 2020, respectively.

Notes to Financial Statements September 30, 2021 and 2020

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[16] Volunteers:

A substantial number of unpaid volunteers have made significant contributions of their time to the Organization. The value of this contributed time does not meet the criteria for recognition of contributed services required under U.S. GAAP and, accordingly, is not included in the financial statements.

[17] Income tax uncertainties:

The Organization is subject to the provisions of the FASB's ASC Topic 740, *Income Taxes*, as it relates to accounting and reporting for uncertainty in income taxes. For the Organization, these provisions could be applicable to the incurrence of unrelated business taxable income ("UBTI") attributable to certain of its merchandise sales. Because the Organization has always recorded the potential liability for this tax, when applicable, and because of the Organization's general tax-exempt status, management believes ASC Topic 740 has not had, and is not anticipated to have, a material impact on the financial statements.

[18] Measure of operations:

The Organization includes in its definition of operations all revenues and expenses that are an integral part of its programs and supporting activities. Non-operating activities include: (i) pension-related changes other than the operating portion of periodic costs; and (ii) gain on Payroll Protection Program loan forgiveness.

[19] Adoption of accounting principles:

(i) Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made:

In June 2018, the FASB issued Accounting Standards Update ("ASU") 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958)*. ASU 2018-08 clarified and improved guidance concerning: 1) evaluating whether a transaction should be accounted for as an exchange transaction or as a contribution; and 2) determining whether a contribution received is conditional. ASU 2018-08 should be applied on a modified prospective basis. ASU 2018-08 was effective for annual periods beginning after December 15, 2018 for entities that are resource recipients. Accordingly, the Organization adopted the resource recipient portion for its fiscal-year ended September 30, 2020. ASU 2018-08 is effective for annual periods beginning after December 15, 2019 for entities that are resource providers. The Organization adopted the resource provider portion for its fiscal-year ended September 30, 2021, and this accounting guidance did not have a material effect on the Organization's financial statements.

(ii) Revenue from Contracts with Customers:

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers* (Topic 606) which outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry specific guidance. ASU 2014-09 requires an entity to recognize revenue depicting the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard permits the use of either the retrospective or cumulative effect transition method. The standard is effective for fiscal years beginning after December 15, 2019, and accordingly, the Organization adopted this pronouncement for its fiscal-year ended September 30, 2021 on the retrospective basis. Analysis of the various provisions of this standard resulted in no significant changes in the way the Organization recognized revenue, and therefore, no changes to the previously issued audited financial statements were required on a retrospective basis.

Notes to Financial Statements September 30, 2021 and 2020

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[20] Upcoming accounting pronouncements:

(i) Leases:

In February 2016, the FASB issued its new lease accounting guidance ASU 2016-02, *Leases*. ASU 2016-02 will require lessees to recognize for all leases (with terms of more than 12 months) at the commencement date, the following: a) a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis, and b) a right-of-use-asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. The new lease guidance also simplified the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. Lessees will no longer be provided with a source of off-statement of financial position financing. The standard is effective for the Grganization for the fiscal year beginning after December 15, 2021. Upon the adoption of the guidance, operating leases are capitalized on the statements of financial position at the present value of lease payments, using the applicable incremental borrowing rate at the date of adoption. The impact on the Organization's financial statements is currently being evaluated. Information about the Organization's lease and the timing of those payments is provided in Note H.

(ii) Contributed Nonfinancial Assets:

In September 2020, the FASB issued ASU 2020-07, Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets, intended to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind, for not-forprofit organizations. The ASU requires a not-for-profit organization to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash or other financial assets. For each category of contributed nonfinancial assets recognized, the not-for-profit organization will need to disclose: (i) qualitative information about whether the contributed nonfinancial assets were either monetized or utilized during the reporting period; if utilized, a description of the programs or other activities in which those assets were used; (ii) the not-for-profit's policy (if any) about monetizing rather than utilizing contributed nonfinancial assets; (iii) a description of any donor-imposed restrictions associated with the contributed nonfinancial assets; and (iv) the valuation and techniques and inputs used to arrive at a fair value measure, if it is a market in which the recipient entity is prohibited by a donor-imposed restriction from selling or using the contributed nonfinancial assets. The amendments in this ASU will be applied on a retrospective basis and are effective for annual reporting periods beginning after June 15, 2021. Management is in the process of assessing the impact of this ASU on the financial statements and related note disclosures.

[21] Subsequent events:

The Organization evaluated subsequent events through April 12, 2022, the date on which the financial statements were available to be issued.

NOTE F - RETIREMENT BENEFITS (CONTINUED)

There is no required funding for fiscal-year 2022.

As of January 1, 2016, the Board amended the defined benefit pension plan. This amendment resulted in the conversion to a 1.5% unit accrual plan and benefits accrued prior to December 31, 2015 were preserved. The amended plan is based on a projected cost to the Organization of approximately 7% of eligible payroll each year.

At each fiscal year-end, plan assets were invested as follows:

	September 30,		
	2021	2020	
Money-market funds	5%	3%	
Equity securities	61	44	
Fixed-income funds	34	<u> </u>

NOTE H - COMMITMENTS AND OTHER UNCERTAINTY

[1] Operating leases:

The Organization rents office space under an operating lease agreement that expires on August 31, 2021. During fiscal-year 2021, the Organization extended the lease through August 31, 2031. The lease requires minimum lease payments plus escalation charges. Rent expense for fiscal-years 2021 and 2020 was approximately \$749,000 and \$657,000, respectively.

The estimated future minimum annual obligations under this lease are as follows:

Year		Amount	
2022	\$	727,065	
2023		745,242	
2024		763,873	
2025		782,970	
2026		802,544	
Thereafter		2,728,104	
Total	<u>\$</u>	<u>6,549,798</u>	

[2] Other contracts:

In the normal course of business, the Organization enters into various contracts for professional and other services, which are typically renewable on a year-to-year basis.

[3] COVID-19:

The extent of the impact of COVID-19 outbreak on the Organization's programming, operational and financial performance is uncertain and will depend on the continued future developments of the outbreak and external restrictions imposed. The potential economic impact brought by, and the duration of, the COVID-19 pandemic is difficult to assess or predict and may potentially have an adverse impact on the Organization's operations.

NOTE I - CREDIT RISK

The Organization maintains its cash and cash equivalents in amounts which, at times, may exceed federally insured limits. The Organization has not experienced any losses in such accounts, and management believes the Organization is not exposed to any significant risk of loss due to the failure of these banking institutions.

Notes to Financial Statements September 30, 2021 and 2020
